

1. For the past 4 of 5 years, I have been homeless due to actions by the university that include, but not limited to the following:

2. During that time I raised \$230,000 for the university as a student caller fundraising through the Univ. Dev. office by calling alumni and no emergency financial aid or job assistance was available, despite the Director saying she only graduated with her dual degree because her mentor helped her find a job to pay the bills.
3. I reported a professor to NASA after he wrote me off the grant I invited him to be on and had written myself, and that is proven by the 5 preceeding years of writing versions of that grant. As a result, more 'blackballs' started to happen.
4. Dr. Brophy told me that Dr. Zerbuchen was telling everyone at UM to not work with nor hire me. Dr. Brophy said he hired me to be his TA, because I was the only one to mention giving something back to the the class after having taken the class with high marks. Dr. Brophy only told me this because he wanted me to succeed, told me after my TA time concluded, and warned me that "I needed to leave Ann Arbor, they have it out for me"
5. When I returned from working in Chicago for a year at Navistar and left through volunteer attrition due to their near bankrupcy, the funds helped me to correct my sister's negligent care of our mother with Alzheimer's. My sister, a Univ. Michigan Hospital upper level MD, interim chair tried to bribe me by paying all my student loans and \$2,000 /mth if I didn't mention what she did with our mom under her POA, by sending her out of state to Fla (outside her POA state jurisdiction) after I disclosed sister was operating on a holographic will after parent was declared incapacitated. Her mentor at the hospital also threatened me by saying "she's too important to the Univ. to allow me to take her to court over our mother's health care"
6. Bo Shembachler's son tried to have me sign up for the ARbor Blue program under the guise of a job interview via LinkedIN. He described the entire program, who managed it and what was available. He painstakingly indicated that after going through my questions of each individual position was available or not, the only positions available were 'bed's; as as high suicide risk student. I said I'm not suicidal, nor depressed, that' s just my sister misusing her medical degree and reputation to cover up what's she's done illegally. But I'd like to find a job in the area. He emailed back that there were no opportunities now nor in the future. Odd response.
7. Part of the challenge to graduate has been a a \$8500 hold credit. Two parts of that hold credit arise from i) 3 classes where UI M CoE professors broke from the student handbook and resulted in my Incomplete in their course a) required purchase of software, against Student Handbook, b) left town early for the holidays rather than give exam on the final exam day, I couldn't take the exam on the bumped up day because I was turning in a 3yr , \$2.3M NASA, NSBRI grant; exams can only be moved with unanimous class support. I stated I could not do it and ii) the school of public policy accepted me into their certificate program I started taking the 2nd class, then at the end of the semester they said I wasn't in the program. I had reported a janitor for stealing bicycles earlier in the semester, and the Director called me in to discuss it, but only discussed a lawsuit re: a neck injury I had, later when that director left, the interim director said i was in the program via my admission letter, but the teacher for the last required class of 3 for a total of 5 classes in the certificate program said there wasn't enough room in the class although only 1/3 of the lecture hall were filled with students. So there are classes I've taken but not counted on my degree or certificate but I've been charged for despite the faculty breaking the implied promise and contract of student university in many, many, ways.

So there are obvious frustrations of purpose, that may warrant an emergency injunction to suspend the tolling of time for degree completion.

I've asked for an extension from my dept, but waiting for a reply.

Discrimination started when University found out of my past lawsuit regarding injury at another university, where injury of cervical radiculopathy rose to severity equivalent to disability. And Ford School of Public Policy held an extracurricular interview with me after being admitted to their STPP program when I had already registered and was enrolled in the 2nd class of the 5 class certificate program. They unaccepted me for fraudulent reasons in addition to discussing only my past disability lawsuit.

Dated: September 22.

Respectfully Submitted
